## PERSONAL STATEMENT

I'm a dedicated frontend developer with full-stack proficiency, focused on creating exceptional user experiences. Proficient in HTML, React, Next.js, and JavaScript, I also leverage Laravel, Oracle, and a range of other technologies to build responsive web and mobile solutions. Check out my portfolio to see my work firsthand and discover how I can add value to your company. I'm ready to collaborate!

## EXPERIENCIA PROFESIONAL

### Full Stack Developer & UI/UX Designer

Your Support – David, Chiriquí, Panamá

Jan 2024 – June 2025

Building and maintaining web and mobile applications from the ground up, combining frontend design with backend development to deliver smooth, user-centered solutions.

- Designed user interfaces and improved overall user experience across platforms
- Developed and maintained backend services and frontend features
- Worked closely with clients and teams to understand requirements and translate them into functional, visually appealing products

### Frontend Developer & Designer

Iryesa – David, Chiriquí, Panamá (On-site)

Dec 2021 – Nov 2024 (Part-time)

Focused on creating responsive, user-friendly interfaces and contributing to the design of mobile and web apps with a clean and modern visual identity.

- Designed and implemented intuitive UIs from wireframes to final product
- Developed and maintained frontend features with performance in mind
- Collaborated with backend developers to ensure a cohesive user experience
